Good evening. Please find the final Los Angeles Complex Coordinated Terrorist Attack Functional Exercise documentation attached.

Please know that the attached MSEL is missing the Department of Disability's injects which will be added next week and available in the printed exercise documentation.

SenseMakers will produce and provide hard copy materials for the exercise. Distribution details are forthcoming.

Please ensure your controllers, evaluators and simulation cell staff have the calendar appointments for the trainings on 3/10.

Have a good weekend.
